MAY-DAY MOVERS.

Here Are Their Names and Where They Are Going.

A Directory Made Up by "Evening World" Young Men.

It Was a Big Undertaking, but Here It Is.

A LONG LIST OF REMOVALS.

With a tolerable degree of regularity May Day brings May flowers and May-baskets in the country. In the city it surely brings the

For a week past all over New York house hold gods have been getting up and shaking themselves preparatory to their transfer to new locations and to-day the idols and their

worshippers are on the way,

The history of moving day has never been traced. It comes year by year, and people move out and in, for one reason and another, so that its observation always increases in scope. A collection of the reasons for these movings would form a rare assortment of points for the student of human nature and its eccentricities.

In a city of New York's character and extent the loss of really valued friends is au almost unavoidable consequence to anybody who moves any considerable distance from his old habitation. If a man walks daily over a certain route, he gets among strangers when he varies that route by a block. Then if he moves his dwelling a block or a mile he enters an entirely new scene of life.

He has told a friend or two where to look for him if he has himself known the new place lorg enough, but he couldn't tell them all and he couldn't leave a card on his old door, and-well, he's'moved and that's all.

THE EVENING WORLD has taken a good deal of inquisitiveness to itself in this moving matter for the spring of 1888. It has asked a great many people whence they would move and where, and the results, in long columns of answers, are presented to-day.

To gather this list EVENING WORLD report. ers have canvassed assigned districts in person, and to the collection of names and places which they brought in was added the addresses which came on the blank form printed in the paper's own columns.

The arrangement of the names after they were gathered was a task not at all slight and one severely testing THE EVENING WORLD'S staff as a directory corps. How well the test has been sustained the formidable list of movers is left to show. It represents a piece of work never before attempted by a New

It was not to be expected that this work would be accomplished without meeting the omnipresent man with a joke. The humorist had his swing with the blank forms cut from the paper. On one of these was soberly presented the name of "Diss Debar, Ann O'Delia." with a notice of removal from "The Tombs to the Penitentiary." Another thus declared: " Hewitt, A. S., from 1121 Battle Row to 1010 Hell's Kitchen." The latter is respectfully referred for further verification, while THE EVENING WORLD goes on to tell what it has learned of the May-Day shifting of the masses.

DR. B. HOFMEISTER

Read Before the Medical Society of London a Paper on the Use of "CARLSBAD WATER," of Which the Following is an Abstract: In speaking of those descapes in which the use of Carls had Water is indicated I will confine myself to those in which evidence is given for thoroughly established use-

First are to be mentioned diseases of the stomach among them and above all the true Chronic Catarrhal Inflammation, with substantial changes of the mucous nembrane, with ulceration and gathering of stringy and often somewhat offensive mucus.

The unnatural motions of the stomach causing pres-

sure and beichings, the irritations of the intestines re-sulting in catarrh of the bowels, and the inflamed musulting in catarria of the cowers, and the inflamed mu-cous membranes are the most fruitful of all known causes of disease. Out of them grow most kidney and liver troubles, diabetes, all rheumatic affections and gout. I have found that the unnatural motions of the stomach cease, the intestinal troubles become soothed, and health results from the use of Carlabad Water. The diuretic effect of this water, its quiet action upon the lining of the stomach, and its healing power upon the inflamed intestines are beyond all praise. GOUT is well recognized as arising from excess of uric

acid in the blood. This theory is supported by the FAV-ORABLE ACTION of the Carlabad Waters. Dr. Lustig, of Teplitz, issued a pamphlet wherein he recognized the great efficacy of Carlebad Waters in RHEUMATISM, both scute and chronic, when taken COLD. Carlabad Water is in no sense a more purgative, as most

people believe, but it is an alterative and eliminative remedy, which dissolves out tenacious bile, allays irritation and removes obstructions BY AIDING NATURE, and not by sudden and excessive stimulants as most cathartic remedies do. Its action is certain, and a cure when affected is permanent. Not infrequently patients have to use the Sprudel Salt, in addition to the water, as a larative.

A RUINED LIFE

NERVOUS, GLOOMY AND DEPRESSED. THE STORY OF THOUSANDS.

A Silver Lining to the Cloud.

Nothing in life causes such misery as having spent a dissipated or imprudent youth. How many men we see who are blassed with fine abilities and who should be in the prime of vigorous manhood, walking along the streets with their heads bent, their cheeks sallow, their eyes lustreless, utterly without energy, ambition, or purpose in life, their whole existence one of perfect misery, and their every gait and movement telling only that they have, in the words of Byron, that they have, in the words of Byron, that they have, "The cases of such men are certainly pitiable, but they are not hopeless, because Dr. Greene's Nervura Nerve Tonic is daily restoring thous ands of debilitated men to all their wonted vigor. Debility and nervous and physical exhaustion simply mean a loss of nerve power, and as Dr. Greene's Nervura Nerve Tonic acts directly on the nerves and strengthens them as no other medicine does, it supplies this lost nerve force and cures the worst cases of debility and physical and nervous exhaustion and makes the once debilitated man feel as he has not felt since he was climbing trees in boyhood. Despondency, that fearful feeling, that indescribable dread of some coming evil, we know not what, that most distressing ill that flesh is heir to, which robs life of all its pleasures, which makes society irksome has its origin also in the loss of nerve force. Despondency is generally accompanied with insomnia, that fearful scourge, which keeps us awake the livelong night. It is difficult to imagine a more pitiable being than the man who feels debilitated and utterly exhausted during the day, who knows he is unable to face the duties of life, who is the victim of all sorts of gloomy forebodings, and who, when he retires at night, retires only to pass the hours in that black despair which only those who have insomnia can ever realize. How fortunate it is that all these terrible evils, despondency, insomnia, debility, and nervous and physical exhaustion, are easily cured by Dr. Greene's Nervura Nerve Tonic. Every day we meet men, once victims of physical excesses, who were weak, nervous and utterly exhausted and their days harassed by despondency and exhaustion and their nights passed in the agony of insomnia, now completely restored to health, joyously telling every one that they owe their recovery to that great vegetable remedy, which has been so aptly termed Nature's Restorer, Dr. Greene's Nervura Nerve Tonic. This great remedy, which, as one of our most eminent scientists has said, should be in every house hold in the land, can be had of all druggists for \$1.00 per bottle. It was discovered by Dr. Greene, the famous lecturer and special ist on nervous and chronic diseases, who can be consulted at 35 West 14th st., either personally or by letter, free of charge.
